Adult
33 minutes, order 9-5026-IN

Poisonous Plants

The dangers of a wide range of familiar plants are identified in this informative safety film. The hazards of touching or eating the leaves, fruit, seeds, or stalks of common houseplants, yard plants, wild plants, and even certain food plants is examined. Ways people harm themselves while on vacation, such as roasting marshmallows on a stick cut from a poisonous plant, for example, are pointed out. Special concerns regarding poison oak and poison ivy are described.

Also available in Laser Videodisc.

Ages 12-18, Adult

Learning Resources

Safety Showers And Eye Washes

Addressing the needs of employers and workers alike, this useful program looks at the first line of defense against chemical exposure to the eyes and skin... safety showers and eye washes.

Re-enacting a number of hazardous situations, the program demonstrates which type of safety showers and eye washes are most effective, where they should be located, how they should be used and how they should be tested.

The program additionally lists a variety of potentially dangerous chemicals, the hazards associated with them and the precautionary measures that should be taken against exposure to each type of substance.

Adult, Post Secondary - Advanced
11 minutes, order 1-8652-IN

Winter Dangers

Educates all age groups about the dangers of frostbite and hypothermia, including prevention, symptoms, and first aid treatment.

"A valuable documentary for primary grades through adult on "things you need to know about cold weather", it addresses the three most hazardous threats to life and limb often disregarded."
